

2013 INFC POST SEASON ROSTER

RE: 4th Grade Post Season

UPDATED: 10-25-2013 11:35am

According to our records, the teams listed below are currently entered into a post-season INFC activity. You will need to contact the INFC office by email at info@youthfootball.com if:

- Your team is not on the list and needs to be.
- Your team is on the list and should not be.
- Your team is listed incorrectly on this list.

How to read this list:

Teams are allowed to attend only one (1) INFC post-season activity. If your team has two (2) X's, and you do not make the playoffs, you will be automatically defaulted to the Post Season Tournament (PST). Teams without an X in the PST column will not attend the PST if they do not make the playoffs.

This list will become final on Friday, October 25th at 3:00pm. Club representatives and head coaches may only make changes to this list before the deadline by contacting the INFC office via the email address above.
